

## Front grill for CIRA8 series speakers with cloth & outdoor treatment

The GLI series are optionally available front grills with TwistFix™ technology for the CIRA loudspeaker series. The GLI grills fit the CIRA8 speakers and are available in 3 versions: black (/B), white (/W) and paintable (/P).

The TwistFix™ system assembles the speakers' grill through twisting. A bayonet-type locking with lips on the grill side gets fixed through insertion to slots on the speakers housing and giving it a partial turn. This system guarantees lifetime stable mounting while fixation can be done in record-breaking time.
