

The BSB02 is a 19" blind panel with brush strip which can be installed in any 19" enclosure providing an inlet through which any cable can pass without having any openings or holes in the enclosure. The brush will bend nicely around the passing cable, preventing any unwanted dust or dirt from entering the cabinet. The brush hole with dimensions 50 x 400 mm allows XLR and Speakon/Powercon sized connectors passing through. It is made of 1.2 mm thick steel, finished with a black (RAL 9004) structured powder coating.

Product Features:

Dimensions	483 x 88 x 10 mm (W x H x D)
Brush hole	400 x 50 mm (W x H)
Weight	0.338 kg
Unit height	2 HE
