

19" grill security panel - 1HE - with hexagonal perforation

Highlights:

- Mesh perforation with hexagonal pattern
- 1 mm thick cold rolled steel plate

The BSG01H is a 19" grill security panel made of steel. The BSG01H can be installed in front of any 19" device, preventing any unauthorized persons from accessing your devices. The fine grilled structure allows monitoring of indicators such as LED's and displays on the front panel, while providing 23 mm space for extending controls.

Product Features:

Dimensions	483 x 44 x 25 mm (W x H x D)
Unit height	1 HE
Construction	Cold rolled steel
